Junior Members may not attend any General Meeting of the club or of Forrest Little Ladies or Men's Golf Clubs. They may play in Club competitions under conditions determined from time to time by the Council. They are elected annually to the Junior category and unless elected to another category of membership they shall cease to be members of the club on the 31st of December following their 26th birthday.

The Council shall have the power to elect, as Junior Members, applicants for such membership who are: -

- (a) Sons or daughters of members or of Lady Associates and who are in full-time students at a university or college at half of current entrance fee,
- (b) Other applicants, whose standard of golf and general conduct, in the opinion of the Council, warrant election at half the current entrance fee.

A Junior Member shall, at the discretion of the Council, be entitled to remain a Junior Member until he/she attains the age of 26 years; Provided that the Council may, where it is satisfied that the circumstances so warrant, terminate such membership by giving notice in writing to that effect to any Junior Member

The Council shall also have the power, at the written request of a Junior Member to elect such member with or without payment of a reduced entrance fee to any category it deems appropriate, and for which such a member is eligible should a vacancy exist. Junior Members who have already paid half then current entrance fee under rule (a) or (b) above will have deemed to have paid such entrance fee.
